

1. Record Nr.	UNINA9910811702103321
Titolo	Biology of vitamin E
Pubbl/distr/stampa	London, : Pitman Newark, N.J., : Distributed in North America by CIBA Pharmaceutical Co. (Medical Education Division), 1983
ISBN	9786613694478 9781280784088 1280784083 9780470720820 0470720824 9780470718520 0470718528
Edizione	[1st ed.]
Descrizione fisica	1 online resource (272 p.)
Collana	Ciba Foundation symposium ; ; 101
Altri autori (Persone)	PorterRuth WhelanJulie
Disciplina	574.19/26
Soggetti	Vitamin E - Physiological effect Vitamin E - Therapeutic use
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	"Editors: Ruth Porter (organizer) and Julie Whelan"--P. v.
Nota di bibliografia	Includes bibliographical references and indexes.
Nota di contenuto	Biology of vitamin E; Contents; Introduction; Vitamin E as an antioxidant in vitro and in vivo; Discussion; Free radical protection: why vitamin E, not vitamin C, b-carotene or glutathione?; Discussion; The role of vitamin E in biological membranes; Discussion; Vitamin E, physical exercise and tissue oxidative damage; Discussion; Tocopherol content of adipose tissue from vitamin E-deficient humans; Discussion; Neuropathological studies of chronic vitamin E deficiency in mammals including humans; Discussion Vitamin E and neurological function: abetalipoproteinaemia and other disorders of fat absorptionDiscussion; General discussion Problems of defining vitamin E deficiency; The effect of vitamin E on rabbit neutrophil activation; Discussion; Vitamin E and retrolental fibroplasia: prevention of serious ocular sequelae; Discussion; Vitamin E and retrolental fibroplasia: ultrastructural mechanism of clinical efficacy;

Discussion; Protective effect of vitamin E on intraventricular haemorrhage in the newborn; Discussion; Experimental models for nutritional myopathy; Discussion
Vitamin E and skeletal muscleDiscussion; Final general discussion; Circadian rhythms in clinical studies; Roles of lipid peroxidation; Vitamin E and ageing; Chairman's closing remarks; Index of contributors; Subject index

Sommario/riassunto

The Novartis Foundation Series is a popular collection of the proceedings from Novartis Foundation Symposia, in which groups of leading scientists from a range of topics across biology, chemistry and medicine assembled to present papers and discuss results. The Novartis Foundation, originally known as the Ciba Foundation, is well known to scientists and clinicians around the world.
