Sommario/riassunto	Sexuality education is a controversial and contested issue that has evoked wide debate on the question of its aims, contents, methods, pedagogy and desired outcomes. This ebook contains articles concerning sexuality education in schools internationally. The idea for this ebook was born in Odense, Denmark, in 2012, during the 4th European Conference of Health Promoting Schools. The Conference Programme and the debates during the sessions demonstrated the need for a wider discussion of sexuality education, particularly within the framework of the health-promoting school. There was recognition of
