Nota di contenuto	An introduction to private equity -- The deal process and preliminary matters -- Transaction structures and deal documents -- Acquisition issues -- Equity documentation -- Debt funding -- Employment issues -- Pensions -- Taxation on private equity transactions -- Public to private transactions -- Living with the investment -- Secondary buyouts -- Exits.
Sommario/riassunto	This overview of a complex and often misunderstood subject takes the reader through the issues that are faced throughout the life cycle of a private equity investment, from the identification of an opportunity, through the various stages of the transaction and the lifetime of the investment, to the eventual exit by the investor. The analysis of key

documentation and legal issues covers company law, employment law, pensions, taxation, debt funding and competition law, taking into account recent legal developments such as the Companies Act 2006, the recent emergence of private equity in the UK and the challenges faced by the industry as a result of the financial crisis.
