Sommario/riassunto	Originally published by Oxford in 1998, Psycho-Oncology was the first comprehensive text in the field and remains the gold standard today. The second edition reflects the explosion of information and major advances in psychological, psychiatric, and social aspects of cancer treatment and research since the book's inception. Spearheaded by Dr. Jimmie Holland, who is widely recognized as the founder of the field of psycho-oncology, the book's editors are a veritable who's who of psycho-oncology, reflecting the interdisciplinary nature and global

reach of this growing field. Some of the highlight
