

1. Record Nr.	UNINA9910812000203321
Titolo	Peptide transport in bacteria and mammalian gut : a Ciba Foundation symposium
Pubbl/distr/stampa	Amsterdam : , : Elsevier/Excerpta Medica/North-Holland Pub. Co., , 1972
ISBN	9786613695185 9781280784798 1280784792 9780470719879 0470719877 9780470717530 047071753X
Edizione	[1st ed.]
Descrizione fisica	1 online resource (172 pages) : illustrations, charts
Collana	Novartis Foundation Symposia
Disciplina	599/.01/32
Soggetti	Peptides Biological transport Bacteria - Physiology Mammals - Physiology
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	"Symposium on Peptide Transport in Bacteria and Mammalian Gut held at the Ciba Foundation, London, 11th November 1977"--Contributors page.
Nota di bibliografia	Includes bibliographical references and indexes.
Nota di contenuto	Peptide Transport in Bacteria and Mammalian Gut; Contents; Nutritional and metabolic aspects of peptide transport; Discussion; Peptide transport in bacteria; Mechanisms of bacterial peptide transport; Discussion; Peptidase activity and peptide metabolism in <i>Escherichia coli</i> ; Discussion; Peptide transport by mammalian gut; Discussion; Rates of peptide uptake by small intestine; Discussion; Peptides in genetic errors of amino acid transport; Discussion; Subcellular fractionation of the enterocyte with special reference to peptide hydrolases; Discussion; Membrane digestion and peptide transport; Discussion General Discussion; Index of Contributors; Subject Index
Sommario/riassunto	The Novartis Foundation Series is a popular collection of the

proceedings from Novartis Foundation Symposia, in which groups of leading scientists from a range of topics across biology, chemistry and medicine assembled to present papers and discuss results. The Novartis Foundation, originally known as the Ciba Foundation, is well known to scientists and clinicians around the world.
