

1. Record Nr.	UNINA9910812038503321
Titolo	Vaccine safety forum : summaries of two workshops // Vaccine Safety Forum, Board on Health Promotion and Disease Prevention, Institute of Medicine
Pubbl/distr/stampa	Washington, D.C., : National Academy Press, 1997
ISBN	0-309-17449-X 1-280-19145-7 9786610191451 0-309-53857-2 0-585-14922-4
Edizione	[1st ed.]
Descrizione fisica	1 online resource (71 p.)
Collana	The compass series
Disciplina	615/.372
Soggetti	Vaccination - Complications - United States - Prevention Vaccination of children - Complications - United States - Prevention Vaccines - United States - Safety measures
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Bibliographic Level Mode of Issuance: Monograph
Nota di bibliografia	Includes bibliographical references.
Nota di contenuto	Vaccine Safety Forum -- Copyright -- Preface -- Contents -- Detecting and Responding to Adverse Events Following Vaccination: Workshop Summary -- EXECUTIVE SUMMARY -- INTRODUCTION -- DIFFICULTIES IN DETECTING ADVERSE EVENTS FOLLOWING VACCINATION -- CURRENT ADVERSE EVENT DETECTION AND RESPONSE PROCEDURES -- Vaccine Adverse Event Reporting System -- Large Linked Databases -- Surveillance by Vaccine Manufacturers -- Food and Drug Administration -- IMPROVING DETECTION OF AND RESPONSE TO ADVERSE EVENTS -- Increasing Reporting to VAERS -- Improving the Quality of Information in VAERS -- Improving Vaccine Lot Information -- Improving the Usefulness of LLDB Data -- Clinical Trials -- Comparison Studies -- ADDITIONAL AREAS FOR RESEARCH -- REFERENCES -- WORKSHOP AGENDA -- INSTITUTE OF MEDICINE VACCINE SAFETY FORUM -- PARTICIPANTS -- Research to Identify Risks for Adverse Events Following Vaccination: Biological Mechanisms and Possible Means of Prevention -- EXECUTIVE SUMMARY --

INTRODUCTION -- IMMUNE RESPONSE TO VACCINE ANTIGENS --
Premature Infants -- GENETIC FACTORS AFFECTING DEVELOPMENT OF
AUTOIMMUNITY -- RESEARCH ON IDENTIFYING POPULATIONS AT RISK
FOR ADVERSE EVENTS -- Arthritis and Rubella Vaccine -- Anaphylaxis
and Measles, Mumps, and Rubella Vaccine -- Convulsions and DPT --
High-Titer Measles Vaccine -- Multiple Sclerosis or Guillain-Barre
Syndrome and Vaccines -- Multiple-Antigen Vaccination and Adverse
Immune Responses -- RESEARCH OPPORTUNITIES -- REFERENCES --
WORKSHOP AGENDA -- INSTITUTE OF MEDICINE VACCINE SAFETY
FORUM -- PARTICIPANTS.
