Sommario/riassunto	Stuart Emmett and Vivek Sood's book provides a clear strategic overview and actionable plan for the implementation of green supply chains. For anyone grappling with the elements required to change an organization's supply chain strategy in a 'green' direction, this book is a must read. ""Having worked with Stuart Emmett on other ground breaking books, I can empathically say that this book written with Vivek Sood is another one in the same mould. This enjoyable book not only covers a topic that is critically relevant for every individual, but also provides a practical road map for a green sup
