Pubbl/distr/stampa	Stanford, California : , : Stanford Business Books, , 2014 ©2014
ISBN	0-8047-9192-9
Descrizione fisica	1 online resource (xvi, 181 pages) : illustrations (black and white), maps (black and white)
Collana	Innovation and Technology in the World Economy
Disciplina	338.4/3378
Soggetti	Universities and colleges - Economic aspects Technology transfer Biotechnology - Technology transfer Academic-industrial collaboration - Economic aspects
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Bibliographic Level Mode of Issuance: Monograph
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Frontmatter -- Contents -- Tables, Figures, and Map -- Preface -- Acknowledgments -- 1. Introduction -- 2. Factors Affecting University Technology Transfer -- 3. The US and UK Technology Commercialization Framework -- 4. Yale University -- 5. The University of Cambridge -- 6. Apples to Apples -- 7. Conclusion -- Appendix 1: Organizational Charts Indicating Technology-Transfer Organizations -- Appendix 2: Methodology -- Notes -- References -- Index
Sommario/riassunto	This study analyzes two world-renowned universities - Yale and Cambridge - their investment in technology commercialization, and the outcome of this contribution in their local economies. This book has three main arguments: the way in which a university goes about improving its technology-transfer capability matters; by choosing a particular path of change, the university also changes its role and its ability to contribute to the region; and not all changes will positively affect the local economy.
