Sommario/riassunto	This book focuses on doing ethical research with children in today's climate of increased globalization, surveillance and awareness of children as competent research participants. It covers a range of conceptual, methodological and procedural issues, and provides a framework for doing ethical research with children. Written by international experts in the fields of early childhood research and ethics, this book supports students, practitioner-researchers and research gatekeepers with resources on how to conduct and evaluate ethical research with children.
