Sommario/riassunto	Drone warfare has raised profound ethical and constitutional questions both in the halls of Congress and among the U.S. public. Not since debates over nuclear warfare has American military strategy been the subject of discussion in living rooms, classrooms, and houses of worship. Yet as this groundbreaking new work shows, the full implications of drones have barely been addressed in the recent media storm.In a unique take on a subject that has grabbed headlines and is consuming billions of taxpayer dollars each year, philosopher Gregoire
