Sommario/riassunto	'…compelling reading for anyone working with women and

children living with and leaving domestic violence.'. - From the Foreword by Cathy Humphreys. Women who leave an abusive relationship often experience feelings of fear, bewilderment, anger and confusion. The trauma caused by domestic violence leaves a legacy that stays with the survivor, and it is not uncommon for women to experience feelings of loss and grief similar to those following bereavement, but made more complex by the effect that abuse has had on their emotional health and well-being.
