Sommario/riassunto	Examining the relationship between Judaism as a religious culture and kibbutz life, this is a ground-breaking work in the research of Judaism. The book takes as its point of departure the historical fact that it was Orthodox pioneers of German origin, in contrast to their Eastern European counterparts, who successfully developed religious kibbutz life. Employing sociological concepts and methods, the author examines the correlations between two evolutionary phases in kibbutz development and two modes of Judaism: the rational Halakhic and the emotive Hassidic modes. In doing this, he explore
