

1. Record Nr.	UNINA9910812914603321
Autore	Werbner Richard P.
Titolo	Anthropology after Gluckman : the Manchester School, colonial and postcolonial transformations / / Richard Werbner
Pubbl/distr/stampa	Manchester : , : Manchester University Press, , 2021
ISBN	1-5261-3802-6 1-5261-5549-4 1-5261-3801-8
Descrizione fisica	1 online resource (xi, 363 pages)
Collana	Manchester scholarship online
Disciplina	301
Soggetti	Ethnology - History Postcolonialism Anthropology - Study and teaching (Higher) - Great Britain - History - 20th century Manchester school of economics
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Previously issued in print: 2020.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Max Gluckman in South Africa : role model, early leadership -- Max Gluckman's commitments, projects and legacies -- Elizabeth Colson : home town anthropologist, systems sceptic -- Clyde Mitchell and A.L. Epstein : urban perspectives -- Relational thought, networks, circles -- Friendship, interlocking directorates, cosmopolitanism -- A.L. Epstein's enduring argument : the reasonable man and emotion -- Victor Turner's 'voyage of discovery' -- The re-analysis of Chihamba, the White Spirit -- Anthropology and the postcolonial.
Sommario/riassunto	This title places the Manchester School in the vanguard of modern social anthropology. Werbner reveals not only the cosmopolitan distinctiveness but also the force of creative difference in the ideas, interdisciplinary approaches, and travelling theories of the intimate circle around Max Gluckman.

2. Record Nr.	UNINA9910137398703321
Titolo	European Medical Journal Neurology
Pubbl/distr/stampa	November 2013-August 2015 ; ; Chelmsford, Essex, UK : , : EMJ, Gorely New Media, , [2013]- July 2016- ; ; Chelmsford : , : European Medical Group
ISSN	2054-4529
Descrizione fisica	1 online resource
Soggetti	Neurology Periodicals.
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Periodico
Note generali	Supplements lack publishing statement. Refereed/Peer-reviewed

3. Record Nr.	UNINA9910254507303321
Titolo	Melanoma // edited by Howard L. Kaufman, Janice M. Mehnert
Pubbl/distr/stampa	Cham : , : Springer International Publishing : , : Imprint : Springer, , 2016
ISBN	3-319-22539-1
Edizione	[1st ed. 2016.]
Descrizione fisica	1 online resource (413 p.)
Collana	Cancer Treatment and Research, , 0927-3042 ; ; 167
Disciplina	616.99477
Soggetti	Oncology Dermatology Surgery Pediatrics
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references at the end of each chapters.
Nota di contenuto	Heterogeneity in Melanoma -- Melanoma Epidemiology and Prevention -- Methods Of Melanoma Detection -- Melanoma: Clinical Presentations -- Principles Of Melanoma Stagin -- Surgical Management of Melanoma -- Adjuvant Therapy of Melanoma -- Chemotherapy for Melanoma -- Checkpoint Blockade for the Treatment of Advanced Melanoma -- Targeted Therapy for Melanoma -- Treatment of Melanoma CNS Metastases -- Treatment of Melanoma CNS Metastases -- Mucosal Melanoma: Epidemiology, Biology and Treatment -- Acral Lentiginous Melanoma -- Pediatric Melanoma and Atypical Melanocytic Neoplasms -- Novel Treatments in Development for Melanoma.
Sommario/riassunto	Melanoma is one of the most types of cancer. When melanoma is detected at an early stage, treatment is highly successful, but outcomes can be poor when the disease is advanced. There has been significant progress in our understanding of the molecular biology, genetics, and immunology of melanoma over the past decade. This has been accompanied by rapid advances in therapeutic strategies for patients with melanoma. This book provides the clinician and the researcher with a broad understanding of the molecular and cellular pathogenesis of melanoma, explores the clinical characteristics and criteria for

clinical and pathological staging of the disease, and provides an overview of current and evolving treatment strategies in the adjuvant, metastatic, and preventive settings. The treatment of special populations and rare variants of melanoma that often present particular clinical challenges is also covered. Authored by international experts in melanoma biology and clinical management, this volume concisely explains how to diagnose, treat, and prevent melanoma while reviewing advances in basic science and providing an overview of innovative approaches still under development.
