British Television and American Culture: Something Completely Different?; Notes; Index
Sommario/riassunto	Between Emma Peel and the Ministry of Silly Walks, British television had a significant impact on American popular culture in the 1960's and 1970's. In Something Completely Different, Jeffrey Miller offers the first comprehensive study of British programming on American television, discussing why the American networks imported such series as The Avengers and Monty Python's Flying Circus; how American audiences received these uniquely British shows; and how the shows' success reshaped American television.
