Gey -- Regulation of hate speech / Michel Rosenfeld -- Regulation of campaign finance / Richard L. Hasen -- Religious freedom / Alan E. Brownstein -- The state action doctrine / Frank I. Michelman.
Sommario/riassunto	An ideal supplement for professors who wish to incorporate comparative law into their constitutional law courses, Global Perspectives on Constitutional Law introduces students to the various

ways that nations other than the United States resolve contemporary constitutional questions. Covering both structural issues and individual rights, the book offers a wide but select range of readings on interesting constitutional issues in sixteen accessible chapters. Each brief chapter presents foreign case materials on a particular constitutional topic along with notes and questions that further illuminate the comparisons between U.S. constitutional law and that of other nations.
