

1. Record Nr.	UNINA9910812975903321
Autore	Snyder Stephen J.
Titolo	Shoulder arthroscopy // Stephen J. Snyder, MD, Attending Orthopedic Surgeon specializing in shoulder arthroscopy at the Southern California Orthopedic Institute, Director of the CLASroom (Center for Learning Arthroscopic Skills), Van Nuys, California, Ronald P. Karzel, MD, Attending Orthopedic Surgeon, Southern California Orthopedic Institute, Medical Director, Valencia Surgical Center, Valencia, California, Mark H. Getelman, MD, Attending Orthopedic Surgeon, Co-Director, Sports Medicine Fellowship, Southern California Orthopedic Institute, Medical Director, Southern California Orthopedic Research and Education, Van Nuys, California, Joseph P. Burns, MD, Attending Orthopedic Surgeon, Sports Medicine and Shoulder Surgery, Southern California Orthopedic Institute, Van Nuys and Valencia, California, Michael S. Bahk, MD, Attending Orthopedic Surgeon, Sports Medicine and Shoulder Surgery, Southern California Orthopedic Institute, Thousand Oaks, California, David M. Auerbach, MD, Attending Orthopedic Surgeon, Southern California Orthopedic Institute, Van Nuys, California ; with a contribution from Marc Mirisch, PT, DPT, Physical Therapist, Director of Center for Rehabilitation, Southern California Orthopedic Institute, Van Nuys, California
Pubbl/distr/stampa	Philadelphia : , : Wolters Kluwer Health, , [2015] 2015
ISBN	1-4698-8763-0
Edizione	[Third edition.]
Descrizione fisica	1 online resource (xiii, 405 pages) : illustrations (chiefly color)
Collana	Gale eBooks
Disciplina	617.572059
Soggetti	Shoulder joint - Endoscopic surgery Shoulder joint - Abnormalities - Diagnosis Arthroscopy
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Includes index.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	1. Learning shoulder arthroscopy -- 2. Operating room setup for shoulder arthroscopy -- 3. Diagnostic arthroscopy of the shoulder : normal anatomy and variations -- 4. Diagnostic bursoscopy -- 5. Basic

techniques for all arthroscopic shoulder reconstructions -- 6. Adhesive capsulitis or frozen shoulder -- 7. Biceps tendon -- 8. Superior labrum (SLAP) injuries and repair -- 9. Laxity versus instability -- 10. Anterior shoulder instability -- 11. Instability with glenoid bone loss -- 12. Posterior shoulder instability -- 13. Evaluation and arthroscopic treatment of multidirectional instability of the shoulder -- 14. Glenohumeral osteoarthritis -- 15. Subacromial impingement and arthroscopic subacromial decompression -- 16. The acromioclavicular joint -- 17. Rotator cuff introduction, evaluation, imaging, and philosophy of repair -- 18. Calcific rotator cuff disease -- 19. Partial articular-sided rotator cuff tears -- 20. Arthroscopic evaluation and treatment of bursal-sided, intratendon, and full-thickness rotator cuff tears using the SCOI row techniques -- 21. Subscapularis tears -- 22. Rotator cuff repair with augmentation -- 23. Arthroscopic technique for reconstructing a massive nonrepairable rotator cuff defect using acellular human dermal matrix allograft -- 24. Suprascapular nerve pathology -- 25. The shoulder patient's perspective : through the eyes of a shoulder surgeon -- 26. Postoperative protocols - physical therapy -- 27. Measuring outcomes in shoulder arthroscopy.

Sommario/riassunto

This book includes practical guided reviews of the Southern California Orthopedic Institute's (SCOI) latest advances in shoulder arthroscopy assessment and surgical technique, and offers recommendations ranging from operating room layout to arthroscopy education opportunities.
