| Sommario/riassunto | <p>A milestone resource for palliative care nurses that facilitates evidence-based compassionate and humanistic care of the dying "" a valuable contribution to the evolving field of palliative nursing care. It is coauthored by a model for this field, Bonnie Freeman, and brings to the bedside what her practice embodies - evidence-based clinically expert care...The CARES tool is a long-needed resource and we are all grateful to the authors for moving their passion to paper. It will touch the lives and deaths of patients, families and the nurses who care for them.""</p> <p>- Betty Ferrell, PhD, R</p> |
