   Nota di contenuto   "From temple to church" : analysing a late antique phenomenon of transformation / Stephen Emmel, Ulrich Gotter and Johannes Hahn -- Models and evidence in the study of religion in late Roman Egypt / Roger S. Bagnall -- Rechtglaubige-Pagane-Haretiker : Tempelzerstorungen in der Kerchengeschichtsschreibung und das bild der christlichen Kaiser / Ulrich Gotter -- From temple to cell, from gods to demons : pagan temples in the monastic topography of fourth-century Egypt / David Brakke -- The Christianization of pagan temples in the Greek hagiographical texts / Helen Saradi -- Iconoclasm and Christianization in late antique Egypt : Christian treatments of space and image / David Frankfurter -- Shenoute of Atripe and the Christian destruction of temples in Egypt : rhetoric and reality / Stephen Emmel -- Die Zerstorung der Kulte von Philae : Geschichte und Legende am ersten Nilkatarakt / Johannes Hahn -- The conversion of the temple of Aphrodite at Aphrodisias in context / Angelos Chaniotis -- Continuity

and change in the cultic topography of late antique Palestine / Doron Bar -- Modalitaten der Zerstorung und Christianisierung pharaonischer Tempelanlagen / Peter Grossmann -- The conversion of the cult statues : the destruction of the Serapeum 392 A.D. and the transformation of Alexandria into the "Christ-loving" city / Johannes Hahn.

| Sommario/riassunto | Destruction of temples and their transformation into churches are central symbols of late antique change in religious environment, socio-political system, and public perception. Contemporaries were aware of these events' far-reaching symbolic significance and of their immediate impact as demonstrations of political power and religious conviction. Joined in any "temple-destruction" are the meaning of the monument, actions taken, and subsequent literary discourse. Paradigms of perception, specific interests, and forms of expression of quite various protagonists clashed. Archaeologists, historians, and historians of religion illuminate "temple-destruction" from different perspectives, analysing local configurations within larger contexts, both regional and imperial, in order to find an appropriate larger perspective on this phenomenon within the late antique movement "from temple to church". |

Descrizione fisica	1 online resource (xii, 567 pages) : digital, PDF file(s)
Collana	Cambridge handbooks in language and linguistics
Classificazione	LAN009000
Disciplina	409
Soggetti	Language obsolescence
	Language and languages
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Title from publisher's bibliographic system (viewed on 05 Oct 2015).
Nota di bibliografia	Includes bibliographic references and indexes.
Nota di contenuto	1. Introduction / Peter K. Austin and Julia Sallabank -- pt. I. Endangered Languages: 2. Language ecology and endangerment / Lenore A. Grenoble. 3. Speakers and communities / Colette Grinevald and Michel Bert. 4. Survey of endangered language situations around the world / David Bradley. 5. Language contact and change in endangered languages / Carmel O'Shannessy. 6. Structural aspects of language endangerment / Naomi Palosaari and Lyle Campbell. 7. Language and culture / Lev Michael. 8. Language and society / Bernard Spolsky -- pt. 2. Language Documentation: 9. Language documentation / Tony Woodbury. 10. Speakers and language documentation / Lise Dobrin and Josh Berson. 11. Data and language documentation / Jeff Good. 12. Archiving and language documentation

/ Lisa Conathan. 13. Digital archiving / David Nathan -- pt. III. Responses: 14. Language policy for endangered languages / Julia Sallabank. 15. Revitalisation of endangered languages / Leanne Hinton. 16. Orthography development / Friederike Lupke. 17. Lexicography in endangered language communities / Ulrike Mosel. 18. Language curriculum design and evaluation for endangered languages / Serafin Coronel-Molina and Teresa McCarty. 19. The role of information technology in supporting minority and endangered languages / Gary Holton -- pt. IV. Challenges: 20. Endangered languages and economic development / Wayne Harbert. 21. Researcher training and capacity development in language documentation / Anthony Jukes. 22. New roles for endangered languages / Mairead Moriarty. 23. Planning a language documentation project / Claire Bowern.

| Sommario/riassunto | It is generally agreed that about 7,000 languages are spoken across the world today and at least half may no longer be spoken by the end of this century. This state-of-the-art Handbook examines the reasons behind this dramatic loss of linguistic diversity, why it matters, and what can be done to document and support endangered languages. The volume is relevant not only to researchers in language endangerment, language shift and language death, but to anyone interested in the languages and cultures of the world. It is accessible both to specialists and non-specialists: researchers will find cutting-edge contributions from acknowledged experts in their fields, while students, activists and other interested readers will find a wealth of readable yet thorough and up-to-date information. |
