Sommario/riassunto	How to achieve a perfect finishYou already know that the building isn't finished just because the walls are up and the roof is on. Interior details--flooring, stairs, trimwork, cabinets, fireplaces, and painting--finish the project and give it character. This guide clearly explains each step, discusses the tools involved, and even examines insulation, termite protection, maintenance, and how to set up a workshop that makes it all easier.* Determine coverage rates for various paints and make the selection that fits your project* Explore the advantages of

paint spray guns and hig
