Nota di contenuto	pt. 1. Topics in the Historiography of linguistics -- pt. 2. Historical perspectives on individual scholars.
Sommario/riassunto	The present volume brings together the author's most recent thinking on the tasks and methods of linguistic historiography and his critical assessment of the legacy of a number of major 20th-century scholars. Some of the chapters are revisions of previously published articles, which together with new materials have been welded into a coherent volume.
