

1. Record Nr.	UNINA9910813385003321
Autore	Yarhi-Milo Keren <1978->
Titolo	Knowing the adversary : leaders, intelligence, and assessment of intentions in international relations // Keren Yarhi-Milo
Pubbl/distr/stampa	Princeton, New Jersey ; ; Oxfordshire, England : , : Princeton University Press, , 2014 ©2014
ISBN	1-4008-5041-X
Edizione	[Course Book]
Descrizione fisica	1 online resource (369 p.)
Collana	Princeton Studies in International History and Politics
Disciplina	327.12
Soggetti	International relations Intelligence service World politics - 20th century Great Britain Foreign relations 1936-1945 Great Britain Foreign relations Germany
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Includes index.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Front matter -- Contents -- Acknowledgments -- Introduction -- Chapter 1. Theories of Intentions and the Problem of Attention -- Chapter 2. Indicators of Nazi Germany's Intentions and the Coming of World War II, 1934-39 -- Chapter 3. British Decision Makers' Perceptions of Nazi Germany's Intentions -- Chapter 4. The British Intelligence Community's Assessments of Nazi Germany's Intentions -- Chapter 5. The Carter Era and the Collapse of Détente, 1977-80 -- Chapter 6. US Decision Makers' Perceptions of Soviet Intentions: The Collapse of Détente -- Chapter 7. The US Intelligence Community's Assessments of Soviet Intentions: The Collapse of Détente -- Chapter 8. Indicators of Soviet Intentions and the End of the Cold War, 1985-88 -- Chapter 9. US Decision Makers' Perceptions of Soviet Intentions: The End of the Cold War -- Chapter 10. The US Intelligence Community's Assessments of Soviet Intentions: The End of the Cold War -- Chapter 11. Summary and Implications -- Appendix: Summary of Hypotheses -- Notes -- Index
Sommario/riassunto	States are more likely to engage in risky and destabilizing actions such

as military buildups and preemptive strikes if they believe their adversaries pose a tangible threat. Yet despite the crucial importance of this issue, we don't know enough about how states and their leaders draw inferences about their adversaries' long-term intentions. Knowing the Adversary draws on a wealth of historical archival evidence to shed new light on how world leaders and intelligence organizations actually make these assessments. Keren Yarhi-Milo examines three cases: Britain's assessments of Nazi Germany's intentions in the 1930's, America's assessments of the Soviet Union's intentions during the Carter administration, and the Reagan administration's assessments of Soviet intentions near the end of the Cold War. She advances a new theoretical framework-called selective attention-that emphasizes organizational dynamics, personal diplomatic interactions, and cognitive and affective factors. Yarhi-Milo finds that decision makers don't pay as much attention to those aspects of state behavior that major theories of international politics claim they do. Instead, they tend to determine the intentions of adversaries on the basis of preexisting beliefs, theories, and personal impressions. Yarhi-Milo also shows how intelligence organizations rely on very different indicators than decision makers, focusing more on changes in the military capabilities of adversaries. Knowing the Adversary provides a clearer picture of the historical validity of existing theories, and broadens our understanding of the important role that diplomacy plays in international security.
