Sommario/riassunto

This is a book about using the best evidence to inform treatment decisions for people with cancer. It is written by oncologists for oncologists, using examples throughout to illustrate key points. The book starts off with a "toolbox" section, written in a way which will help those relatively new to the principles of evidence-based oncology to understand the key issues, and equip them with the basics of how to tell a good study from a bad one. The majority of the book then deals with an evidence-based summary of the common and important cancers in a structured and easy to read format around

Sommario/riassunto

Aspects of Leadership is a new book edited by Lieutenant Colonel Carroll Connelley and Dr. Paolo Tripodi, the Ethics Branch head, and comprised of essays by a group of 20 leadership and ethics scholars and practitioners. The Lejeune Leadership Institute Ethics Branch, Marine Corps University, provides current and relevant scholarly research and instruction on ethics and moral leadership and the law of war. This collection of essays provides timely and insightful views on current leadership behavior and ethical concerns that men and women of the armed forces face in the demanding, complex, and prolonged decade of armed conflict.
