Sommario/riassunto	Through an innovative and interdisciplinary approach that combines critical sociolinguistic ethnography, multi-modality, reflexivity, and discourse analysis, this groundbreaking book reveals the multiple (and

sometimes simultaneous) ways in which individuals engage and invest in representations of languages and identities. This timely work is the first to consider the significance of multilingualism and its relationship to citizenship as well as the development of linguistic repertoires as an essential component of language education in a globalized world. While examining the discourses and in
