Sommario/riassunto	Fascism and Political Theory offers both students and researchers a thematic analysis of fascism, focusing on the structural and ideological links between fascism, capitalism and modernity. Intended as a critical discussion of the origins and development of fascist ideology, each chapter deals with a core substantive issue in political theory relevant to the study of fascism and totalitarianism, beginning with an assessment of the current state of debate. The emphasis on formal ideology in contemporary Anglo-American historiography has increased our awareness of the complexi
