Titolo	Contemporary Social Problems / Edited by Robert K. Merton and Robert Nisbet
Pubbl/distr/stampa	New York : Harcourt Brace Jovanovich, \c\1961
ISBN	0-15-513790-5
Edizione	[3 ed.]
Descrizione fisica	XIII, 881 p. ; 21 cm
Disciplina	15310 20100 20140 20150 20160
Locazione	SE
Collocazione	S 20100 MER
Lingua di pubblicazione	Italiano
Formato	Materiale a stampa
Livello bibliografico	Monografia

2. Record Nr.	UNINA9910813722803321
Titolo	Horace and Seneca : interactions, intertexts, interpretations // Herausgegeben von Martin Stockinger, Kathrin Winter und Andreas T. Zanker
Pubbl/distr/stampa	Berlin, [Germany] ; ; Boston, [Massachusetts] : , : De Gruyter, , 2017 ©2017
ISBN	3-11-052861-4
Descrizione fisica	1 online resource (445 pages) : illustrations
Collana	Beitrage zur Altertumskunde, , 1616-0452 ; ; Band 365
Disciplina	874.01
Soggetti	Horace Horaz Intertextualitat Rezeptionswissenschaft Seneca intertextuality reception studies LITERARY CRITICISM / Ancient & Classical
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di bibliografia	Includes bibliographical references at the end of each chapters and index.
Nota di contenuto	Frontmatter -- Foreword -- Table of Contents -- Introduction -- I. Philosophy in Literature - Literature in Philosophy -- Dressing Philosophy with sal niger. Horace's Role in Seneca's Approach to the Diatribic Tradition / Del Giovane, Barbara -- Nurses' Prayers, Philosophical otium, and Fat Pigs: Seneca Ep. 60 versus Horace Ep. 1.4 / Berno, Francesca Romana -- Saturnalian Exchanges: Seneca, Horace, and Satiric Advice / Edwards, Catharine -- II. Horatian Verse in Senecan Tragedy -- Custode rerum Caesare: Horatian Civic Engagement and the Senecan Tragic Chorus / Tarrant, Richard -- Horatian Contexts in Senecan Tragedy / Trinacty, Christopher -- Sounds and Space. Seneca's Horatian Lyrics / Allendorf, Tobias -- Strictness, Freedom, and Experimentation in Horatian and Senecan Metrics / Geiger, Jonathan -- III. Themes and Concepts -- Time in Horace and Seneca / Vogt-Spira,

Gregor -- Studiorum instrumenta: Loaded Libraries in Seneca and Horace / Blum, Barak -- The Metapoetics of Liberty. Horace's Bacchic Ship in Seneca's De Tranquillitate Animi / Giusti, Elena -- Constructing Oneself in Horace and Seneca / Kirichenko, Alexander -- IV. Modes of Quotation and Issues of Reception -- Nostra faciamus. Quoting in Horace and Seneca / Tischer, Ute -- Horace, Seneca, and Martial: 'Sententious Style' across Genres / Mindt, Nina -- Seneca, Horace, and the Anglo-Latin 'Moralising Lyric' in Early Modern England / Moul, Victoria -- Table of Correspondences -- Works cited -- Contributors and Editors -- General Index

Sommario/riassunto

This volume sets out to explore the complex relationship between Horace and Seneca. It is the first book that examines the interface between these different and yet highly comparable authors with consideration of their *œuvres* in their entirety. The fourteen chapters collected here explore a wide range of topics clustered around the following four themes: the combination of literature and philosophy; the ways in which Seneca's choral odes rework Horatian material and move beyond it; the treatment of ethical, poetic, and aesthetic questions by the two authors; and the problem of literary influence and reception as well as ancient and modern reflections on these problems. While the intertextual contacts between Horace and Seneca themselves lie at the core of this project, it also considers the earlier texts that serve as sources for both authors, intermediary steps in Roman literature, and later texts where connections between the two philosopher-poets are drawn. Although not as obviously palpable as the linkage between authors who share a common generic tradition, this uneven but pervasive relationship can be regarded as one of the most prolific literary interactions between the early Augustan and the Neronian periods. A bidirectional list of correspondences between Horace and Seneca concludes the volume.

Autore	Regier Nate
Titolo	Conflict without Casualties, 2nd Edition // Regier, Nate
Pubbl/distr/stampa	Berrett-Koehler Publishers, , 2017
ISBN	1-5230-8262-3
Edizione	[2nd edition]
Descrizione fisica	1 online resource (224 pages)
Disciplina	658.3/145
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di contenuto	Acknowledgments -- Introduction -- Conflict with casualties : drama is killing us -- Conflict -- Drama -- But I'm just trying to help -- A framework for positive con-flict : compassionate accountability can change the world -- Compassion : not for the faint of heart -- Compassion and the cycles of human civilization : will we get it right this time -- Conflict without casualties users manual : putting next element's compassion cy-cle to work -- Violators will be prosecuted : three rules of the compassion cycle -- Warning! drama approaching! : three leading indicators -- It's all about choices : three choices to move -- Coaching accountability when there's no drama : match and move -- The formula for compassionate con-flict : confronting drama with compassion-ate accountability -- Conflict without casualties : preparing to struggle with -- Glossary of terms -- Appendix A: Personal development guide -- Appendix B: Preparing for conflict: building my ORPO bank -- Notes.
Sommario/riassunto	Make Conflict Your Partner for Positive Change! Clinical psychologist and transformative communication expert Dr. Nate Regier believes that the biggest energy crisis facing our world is the misuse of conflict. Most organizations are terrified of conflict, seeing it as a sign of trouble. But conflict isn't the problem, says Regier. It's all about how we use the energy. When people misuse conflict energy, it becomes drama: they struggle against themselves or each other to feel justified about their negative behavior. The cost to companies, teams, and relationships is staggering. The alternative, says Regier, is compassionate accountability: struggling with others through conflict.

Discover the Compassion Cycle, an elegant model for balancing empathy, care, and transparency with boundaries, goals, and standards. Provocative, illuminating, and highly practical, this book helps us avoid the casualties of conflict through openness, resourcefulness, and persistence.

Livello bibliografico	Monografia
Nota di bibliografia	Includes bibliographical references.
Nota di contenuto	Chapter1. Fundamental aspects of thermodynamics and heat transfer._ Chapter2. Energy storage methods -- Chapter3. Thermal energy

storage methods -- Chapter4. Thermal energy storage applications -- Chapter5. System modeling and analysis -- Chapter6. System optimization -- Chapter7. System characterization and case studies.

Sommario/riassunto

This book covers emerging energy storage technologies and material characterization methods along with various systems and applications in building, power generation systems and thermal management. The authors present options available for reducing the net energy consumption for heating/cooling, improving the thermal properties of the phase change materials and optimization methods for heat storage embedded multi-generation systems. An in-depth discussion on the natural convection-driven phase change is included. The book also discusses main energy storage options for thermal management practices in photovoltaics and phase change material applications that aim passive thermal control. This book will appeal to researchers and professionals in the fields of mechanical engineering, chemical engineering, electrical engineering, renewable energy, and thermodynamics. It can also be used as an ancillary text in upper-level undergraduate courses and graduate courses in these fields.
