Japanese investment in Nigeria: ignoring the resource potential; 5. Voting for economic security: Japan and the apartheid debate at the UNGA 6. Japanese aid to Tanzania: an assessment of the political marketing of Japan in Africa 7. Conclusion; Appendices; Bibliography; Index
Sommario/riassunto	This is the first book to examine in-depth Japan's relations with Africa. Japan's dependence on raw materials from South Africa made it impossible for Tokyo in the 1970's and 1980's to support other African states in their fight against the minority government and its policy of apartheid. Kweku Ampiah's detailed analysis of Japan's political, economic and diplomatic relations with sub-Saharan Africa from 1974

to the early 1990's makes it clear that Japan was lukewarm in the struggle against apartheid. Case studies of Tanzania and Nigeria dissect Japan's trade, aid and investment policies
