Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	The argument -- Protecting world order -- Staying number one -- The strategic dimension -- The familiar twenty-first century.
Sommario/riassunto	<P>Since the end of the Cold War, and especially since September 11, 2001, few issues have been more hotly debated than the United States' role in the world. In this hard-nosed but sophisticated examination, Colin S. Gray argues that America is the indispensable guardian of the world order. Gray's constructive critique of recent trends in national security is comprehensive, rooting defense issues and prospective answers in both U.S. national security policy and in the emerging international security environment.</P>
