Sommario/riassunto	In his farewell address, Dwight D. Eisenhower warned the nation of the perils of the military-industrial complex. But as Jonathan Herzog shows in this insightful history, Eisenhower had spent his presidency contributing to another, lesser known, Cold War collaboration: the spiritual-industrial complex. This fascinating volume shows that American leaders in the early Cold War years considered the conflict to be profoundly religious; they saw Communism not only as godless but also as a sinister form of religion. Fighting faith with faith, they deliberately used religious beliefs and institutions
