Sommario/riassunto	This title is part of an initiative by the World Bank to develop standard indicators to measure the performance and soundness of the financial

sector in the South Asia region and help pinpoint where performance is strong and where improvements are most needed. Phases I, II, and III, completed with active support and assistance from regulatory authorities in South Asia, compiled a standard set of finance indicators for five countries: Bangladesh, India, Nepal, Pakistan, and Sri Lanka. This first formally published volume encompasses Phase IV of the study, which updates all indicators under the
