Sommario/riassunto

Supporting Children and Families gathers together the lessons learned from perhaps the largest scale social experiment ever undertaken in England - Sure Start, the programme designed to improve the emotional development, health and education of children. It boils down the huge amount of knowledge and experience generated by the Sure Start programmes and local evaluation studies, with chapters encompassing child development and healthcare, partnership working with existing local services, parental employment and supporting families with young children, reaching out to marginalised groups and st
