| Autore | Everard Mark |
| Titolo | Breathing space : the natural and unnatural history of air // Mark Everard |
| Pubbl/distr/stampa | London, England : , : Zed Books, , 2015 [London, England] : , : Bloomsbury Publishing, , 2021 |
| ISBN | 1-350-21875-8 1-78360-387-9 1-78360-384-4 |
| Descrizione fisica | 1 online resource (205 p.) |
| Disciplina | 551.5 |
| Soggetti | Atmosphere Air Environmental management |
| Lingua di pubblicazione | Inglese |
| Formato | Materiale a stampa |
| Livello bibliografico | Monografia |
| Note generali | Description based upon print version of record. |
| Nota di bibliografia | Includes bibliographical references and index. |
| Nota di contenuto | Air and the making of the atmosphere -- Living in a bubble -- What does air do for us? -- Abuses of the air -- Managing our impacts on air -- Thinking in a connected way -- Rediscovering our place in the breathing space -- Resolution for integrated management of the airspace -- Annex: Ecosystem services and the ecosystem approach. |
| Sommario/riassunto | Everard's work represents the long overdue incorporation of air into our wider understanding of ecosystems, and argues persuasively for the need for governments to recognise the importance of air as a resource. A must read for scholars and students of the environment, and for environmental activists. |
