The Philanthropists and the Genesis of Georgia; Appendices; Bibliography; Index
Sommario/riassunto	A classic resource on the struggle for dominance in southern North America during the colonial period. This volume recounts the clashes

and intrigues that played out over the landscape of the Old Southwest and across six decades as the Spanish, French, British, and ultimately Americans vied for control. Rivalry began soon after initial discovery, mapping, and exploration as the world powers, particularly England and France, competed for control of the lucrative fur trade in the Mississippi valley. The French attempted to establish trade networks stretching from the
