Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Envisioning Funeral March -- The Scholar's Conundrum: Should We Reconstruct? -- The Dancer's Discovery: Finding the Steps -- The Puzzle's Picture: Assembling What We Know -- The Missing Pieces: Rechoreographing What We Don't Know -- One Final Note: What We Have Learned -- Appendix I. Summary of George Balanchine's Russian Choreography (1920-1924)
Sommario/riassunto	'Finding Balanchine's Lost Ballets' allows the reader to learn about one of the twentieth century's greatest artists in a way that has not before been possible. Balanchine's Russian ballets did not survive in the repertory, but this book demonstrates how some of these lost works need not be relegated to the pages of history but can and should be reconstructed, giving us a vision of our past as artists, scholars, and audiences. The book details the work of setting Balanchine's first group ballet, Funeral March, on the dancers of the Grand Rapids Ballet. It follows this project from archival studies to studio research with the dancers to a final performance.
