Pro Sestio is arguably the most important of Cicero's political speeches that survive from the nearly two decades separating the Speeches against Catiline and the Second Philippic. Its account of recent history provides any student of Rome with a fascinating way into the period; its depiction of public meetings, demonstrations, and violence are highly pertinent. to the current debate on the place of 'the crowd in Rome in

the late Republic'; the speech is also among the best introductions we have to traditional Republican values and ethics in action. - ;... constantly enlightening and extremely broad in its scope... - Bryn Mawr Reviews.
