Sommario/riassunto	Literature, like the visual arts, poses its own philosophical problems. While literary theorists have discussed the nature of literature intensively, analytic philosophers have usually dealt with literary problems either within the general framework of aesthetics or else in a way that is accessible only to a philosophical audience. The present book is unique in that it introduces the philosophy of literature from an analytic perspective accessible to both students of literature and students of philosophy. Specifically, the book addresses: the definition of literature, the distinction between o
