2. Record Nr.	UNINA9910814191203321
Autore	Dukes-Robinson Tharinia
Titolo	"Oh ... it's like CSI ..." : a qualitative study of job satisfaction experiences of forensic scientists // Tharinia Dukes-Robinson and Ashraf Esmail
Pubbl/distr/stampa	Lanham : , : University Press of America, Inc., , [2014] ©2014
ISBN	0-7618-6285-4
Descrizione fisica	1 online resource (98 p.)
Altri autori (Persone)	EsmailAshraf
Disciplina	363.3
Soggetti	Forensic scientists Case studies
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	""Oh ... It's like CSI ...""; Contents; Table; Preface; Foreword; Acknowledgments; Chapter One. Introduction; Introduction to the Problem; Background of the Study; Statement of the Problem; Purpose of the Study; Research Question; Significance of the Study; Definition of Terms; Assumptions and Limitations; Nature of the Study; Theoretical/Conceptual Framework; Previous Methodologies Used to Measure Job Satisfaction; Theory Guiding the Study; Organization of the Remainder of the Study; Chapter Two. Literature Review; Introduction; Relevant Literature; Overview of Stress in Law Enforcement Overview of Job Satisfaction in Law Enforcement Forensic Science and Forensic Scientists; Job Satisfaction and Forensic Personnel; The Current Study; Summary; Chapter Three. Methodology; Introduction; Theoretical Framework; Research Design; Sample Design; Measures; Field Testing; Data Collection Procedures; Data Analysis Procedures; Limitations of Methodology and Strategies for Minimizing Impact; Credibility; Transferability; Expected Findings; Ethical Issues; Conclusion; Chapter Four. Data Collection and Analysis; Introduction; The Researcher; Participants' Demographics Interview Guide Questions Participants' Profiles; Data Collection; Data Analysis; Data Clustering and Thematizing; Research Findings; Theme One: Comparison to Forensics on TV; Theme Two: Unrealistic

Expectations From Others; Theme Three: CSI Effect Hinders Job; Theme Four: Job is Satisfying; Theme Five: Work Affects Lives of Others; Major Findings; The Research Question; Goals of the Interview Questions; Summary; Chapter Five. Results, Conclusions, and Recommendations; Introduction; The Research Question; Summary of the Theoretical Perspective; Summary of Results
Conclusions as Related to the Literature Limitations of the Study; Significance of the Study; Implications and Future Recommendations; Future Recommendations; References; Index; About the Authors

Sommario/riassunto

This book goes beyond the glamorous portrayals of CSI professionals on television to highlight the real sources of job satisfaction among forensic scientists. Drawing on interviews with current forensic scientists, this book concludes that forensic scientists experience the most satisfaction in helping victims, the community, and society at large.

Frontmatter -- Foreword -- Table of Contents -- Introduction -- I. Philosophy in Literature - Literature in Philosophy -- Dressing Philosophy with sal niger. Horace's Role in Seneca's Approach to the Diatribic Tradition / Del Giovane, Barbara -- Nurses' Prayers, Philosophical otium, and Fat Pigs: Seneca Ep. 60 versus Horace Ep. 1.4 / Berno, Francesca Romana -- Saturnalian Exchanges: Seneca, Horace, and Satiric Advice / Edwards, Catharine -- II. Horatian Verse in Senecan Tragedy -- Custode rerum Caesare: Horatian Civic Engagement and the Senecan Tragic Chorus / Tarrant, Richard -- Horatian Contexts in Senecan Tragedy / Trinacty, Christopher -- Sounds and Space. Seneca's Horatian Lyrics / Allendorf, Tobias -- Strictness, Freedom, and Experimentation in Horatian and Senecan Metrics / Geiger, Jonathan -- III. Themes and Concepts -- Time in Horace and Seneca / Vogt-Spira, Gregor -- Studiorum instrumenta: Loaded Libraries in Seneca and Horace / Blum, Barak -- The Metapoetics of Liber-ty. Horace's Bacchic Ship in Seneca's De Tranquillitate Animi / Giusti, Elena -- Constructing Oneself in Horace and Seneca / Kirichenko, Alexander -- IV. Modes of Quotation and Issues of Reception -- Nostra faciamus. Quoting in Horace and Seneca / Tischer, Ute -- Horace, Seneca, and Martial: 'Sententious Style' across Genres / Mindt, Nina -- Seneca, Horace, and the Anglo-Latin 'Moralising Lyric' in Early Modern England / Moul, Victoria -- Table of Correspondences -- Works cited -- Contributors and Editors -- General Index

Sommario/riassunto

This volume sets out to explore the complex relationship between Horace and Seneca. It is the first book that examines the interface between these different and yet highly comparable authors with consideration of their *œuvres* in their entirety. The fourteen chapters collected here explore a wide range of topics clustered around the following four themes: the combination of literature and philosophy; the ways in which Seneca's choral odes rework Horatian material and move beyond it; the treatment of ethical, poetic, and aesthetic questions by the two authors; and the problem of literary influence and reception as well as ancient and modern reflections on these problems. While the intertextual contacts between Horace and Seneca themselves lie at the core of this project, it also considers the earlier texts that serve as sources for both authors, intermediary steps in Roman literature, and later texts where connections between the two philosopher-poets are drawn. Although not as obviously palpable as the linkage between authors who share a common generic tradition, this uneven but pervasive relationship can be regarded as one of the most prolific literary interactions between the early Augustan and the Neronian periods. A bidirectional list of correspondences between Horace and Seneca concludes the volume.

Nota di contenuto	Acknowledgments -- Introduction -- Conflict with casualties : drama is killing us -- Conflict -- Drama -- But I'm just trying to help -- A framework for positive con-flict : compassionate accountability can change the world -- Compassion : not for the faint of heart -- Compassion and the cycles of human civilization : will we get it right this time -- Conflict without casualties users manual : putting next element's compassion cy-cle to work -- Violators will be prosecuted : three rules of the compassion cycle -- Warning! drama approaching! : three leading indicators -- It's all about choices : three choices to move -- Coaching accountability when there's no drama : match and move -- The formula for compassionate con-flict : confronting drama with compassion-ate accountability -- Conflict without casualties : preparing to struggle with -- Glossary of terms -- Appendix A: Personal development guide -- Appendix B: Preparing for conflict: building my ORPO bank -- Notes.
Sommario/riassunto	Make Conflict Your Partner for Positive Change! Clinical psychologist and transformative communication expert Dr. Nate Regier believes that the biggest energy crisis facing our world is the misuse of conflict. Most organizations are terrified of conflict, seeing it as a sign of trouble. But conflict isn't the problem, says Regier. It's all about how we use the energy. When people misuse conflict energy, it becomes drama: they struggle against themselves or each other to feel justified about their negative behavior. The cost to companies, teams, and relationships is staggering. The alternative, says Regier, is compassionate accountability: struggling with others through conflict.

Discover the Compassion Cycle, an elegant model for balancing empathy, care, and transparency with boundaries, goals, and standards. Provocative, illuminating, and highly practical, this book helps us avoid the casualties of conflict through openness, resourcefulness, and persistence.

5. Record Nr.	UNINA9910299598403321
Autore	Dincer Ibrahim

Nota di bibliografia	Includes bibliographical references.
Nota di contenuto	Chapter1. Fundamental aspects of thermodynamics and heat transfer._ Chapter2. Energy storage methods -- Chapter3. Thermal energy

storage methods -- Chapter4. Thermal energy storage applications -- Chapter5. System modeling and analysis -- Chapter6. System optimization -- Chapter7. System characterization and case studies.

Sommario/riassunto

This book covers emerging energy storage technologies and material characterization methods along with various systems and applications in building, power generation systems and thermal management. The authors present options available for reducing the net energy consumption for heating/cooling, improving the thermal properties of the phase change materials and optimization methods for heat storage embedded multi-generation systems. An in-depth discussion on the natural convection-driven phase change is included. The book also discusses main energy storage options for thermal management practices in photovoltaics and phase change material applications that aim passive thermal control. This book will appeal to researchers and professionals in the fields of mechanical engineering, chemical engineering, electrical engineering, renewable energy, and thermodynamics. It can also be used as an ancillary text in upper-level undergraduate courses and graduate courses in these fields.
