Sommario/riassunto

It is essential that those in the criminal justice system understand the tasks that police dogs perform and the evidence that their work produces. *Police and Military Dogs: Criminal Detection, Forensic Evidence, and Judicial Admissibility* examines the use of police and military dogs for a wide variety of functions and explores canine biology and behavior as it applies to police work. The book begins with an overview of the changes that have occurred in the field in the past four decades as discoveries have been made about canine capabilities. The author examine
