

1. Record Nr.	UNINA9910814240103321
Titolo	Therapeutic advances in thrombosis // editors, David J. Moliterno, Steen Dalby Kristensen, Raffaele De Caterina
Pubbl/distr/stampa	Chichester, West Sussex, : Wiley-Blackwell, 2013
ISBN	1-118-41089-0 1-118-41087-4 1-299-15803-X 1-118-41090-4
Edizione	[2nd ed.]
Descrizione fisica	1 online resource (402 p.)
Altri autori (Persone)	MoliternoDavid J KristensenSteen Dalby CaterinaRaffaele De
Disciplina	616.1/35
Soggetti	Thrombosis - Treatment Fibrinolytic agents
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Rev. ed. of: Therapeutic strategies in thrombosis / edited by Steen Dalby Kristensen, Raffaele De Caterina, and David J. Moliterno. 2006.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Arterial thrombosis : a brief overview / Lina Badimon and Valentin Fuster -- Aspirin / Carlo Patrono -- Platelet ADP P2Y12 inhibitors - thienopyridines / Joseph D. Foley III and David J. Moliterno -- Platelet ADP P2Y12 Inhibitors - non-thienopyridines / Joseph D. Foley III and David J. Moliterno -- Cilostazol and dipyridamole- more than weak inhibition of platelets / W.G. Eisert -- The inter-relationship of thrombin and platelets - the protease activated receptor-1 (PAR-1) / Matthew E. Wiisanen and David J. Moliterno -- Glycoprotein IIb/IIIa inhibitors / Marco Valgimigli and Elisa Cangiano -- Unfractionated heparin and low-molecular-weight heparin in ischemic heart disease / Marc Cohen, Omar Hassan, and Zafar Iqbal -- Pentasaccharide derivatives / Antonio Gutierrez, Pierluigi Tricoci, and John H.P. Alexander -- Intravenous direct thrombin inhibitors / A. Michael Lincoff -- Vitamin K antagonists / Freek W.A. Verheugt -- Oral direct thrombin inhibitors and oral Xa inhibitors / Steen Husted and Lars Wallentin -- Thrombolytic therapy and concomitant antithrombotic

therapies / Peter R. Sinnaeve and Frans J. Van de Werf --
Antithrombotic therapy in STEMI / Kurt Huber, Raffaele De Caterina,
Steen Kristensen -- Antithrombotic therapy in non-ST elevation acute
coronary syndromes / Georgios J. Vlachojannis ... [et al.] --
Antithrombotic strategies in patients undergoing elective PCI / Sunil V.
Rao and E. Magnus Ohman -- Antithrombotic management in patients
with prosthetic valves / Eric G. Butchart and Raffaele De Caterina --
Stroke - thrombolysis and antithrombotic therapy / L. Creed Pettigrew
and Michael R. Dobbs -- Atrial fibrillation : current and forthcoming
antithrombotic therapies / Raffaele De Caterina and Giulia Renda --
Venous thromboembolism : pathophysiology, diagnosis and
prophylaxis / M.P. Donadini, W. Ageno, A.G.G. Turpie --
Antithrombotic therapy in venous thrombosis and pulmonary embolism
/ M. Di Nisio and H.R. Buller -- Prevention and treatment of venous and
arterial thrombosis in patients with specific conditions : diabetes,
hypercoagulable states, pregnancy and renal insufficiency / Michel
Meyer Samama, Jacqueline Conard and Grigoris Gerotziafas -- Genetics
of the response to antithrombotic drugs and the need for monitoring /
Jean-Philippe Collet, Gilles Montalescot, and Jean-Sebastien Hulot.

Sommario/riassunto

Managing patients with thrombotic vascular disease is complex and
challenging: Ischemic vascular disease remains a complicated
interplay of atherosclerosis and thrombosis-even with the evolution in
our understanding of the pathobiology of thrombosis. There has been
tremendous growth in therapeutic options which are quickly finding
their place in daily practice, including a remarkable expansion in the
number of intravenous and oral antithrombotic agents and new
antiplatelet agents Now more than ever, all cardiologists,
hematologists, and specialists in vascular medicine, as well as other p
