### Sommario/riassunto

From Al-Andalus to the Americas (13th-17th Centuries). Destruction and Construction of Societies offers a multi-perspective view of the filiation of different colonial and settler colonial experiences, from the Medieval Iberian Peninsula to the early Modern Americas. All the articles in the volume refer the reader to colonial orders that extended over time, that substantially reduced indigenous populations, that imposed new productive strategies and created new social hierarchies. The ideological background and how conquests were organised; the treatment given to the conquered lands and people; the political organisations, and the old and new agricultural systems are issues discussed in this volume. Contributors are David Abulafia, Manuel Ardit, Antonio Espino, Adela Fábregas, Josep M. Fradera, Enric Guinot, Helena Kirchner, Antonio Malpica, Virgilio Martínez-Enamorado, Carmen Mena, António Mendes, Félix Retamero, Inge Schjellerup, Josep Torró, and Antoni Virgili.
