Sommario/riassunto

This unique collection is the first to bring attention to Antonio Gramsci's work within geographical debates. Presenting a substantially different reading to Gramsci scholarship, the collection forges a new approach within human geography, environmental studies and development theory. Offers the first sustained attempt to foreground Antonio Gramsci's work within geographical debates  
Demonstrates how Gramsci articulates a rich spatial sensibility whilst developing a distinctive approach to geographical questions  
Presents a substantially different reading of Gramsci
