RESTRAINED INTELLIGENCE AND THE HALF-WON PEACE -- 13. IGNORING THE CREDIBLE -- CONCLUSION -- ABBREVIATIONS USED IN THE NOTES -- NOTES -- BIBLIOGRAPHY -- INDEX
Sommario/riassunto	This third edition of Rhodri Jeffreys-Jones's engrossing history of the Central Intelligence Agency includes a new prologue that discusses the history of the CIA since the end of the Cold War, focusing in particular on the intelligence dimensions of the terrorist attacks on 9/11. Praise for the earlier editions: "I have read many books on the CIA, but none more searching and still dispassionate. Nor would I have believed that a book of such towering scholarship could still be so lucid and exciting to read." -Daniel Schorr "This is one of the best short histories of the CIA in print, up-to-date and based on a wide range of sources." -Walter Laqueur "Judicious and reasonable. . . . A sophisticated study that

should challenge us to take a more serious view about how our democracy formulates its foreign policy."-David P. Calleo, New York Times Book Review
A brief, yet subtle and penetrating, account of the Central Intelligence Agency."-Leonard Bushkoff, Christian Science Monitor
"Subtle and crisply written. . . . A book remarkable for its clarity and lack of bias."-William W. Powers, Jr., International Herald Tribune, Paris
