Sommario/riassunto	A Companion to Colette of Corbie presents a collection of essays offering new historical and religious perspectives on the life, career, and influences of this little-studied fifteenth-century saint. Colette of Corbie, a contemporary of Joan of Arc, established an important reform movement in the Franciscan order; founded numerous monasteries for women in Burgundy, France, and the Low Countries; and had connections with high ranking Burgundian and French noble families. Essays in this volume draw upon many relatively unknown primary sources and add significantly to the scholarship on this important

religious figure. Contributors are: Anna Campbell, Joan Mueller, Andrea Pearson, Jane Marie Pinzino, Monique Somme, Ludovic Viallet, and Nancy Bradley Warren
