**Sommario/riassunto** This topical volume seeks to analyze the intimate but under-studied relationship between the construction of national identity in Latin America, and the violent struggle for political power that has defined Latin American history since independence. The result is an original, fascinating contribution to an increasingly important field of study.

Sommario/riassunto

This volume brings together a group of leading international scholars to discuss how US-China-EU relations will shape the future of international politics. Arguing that these three powers will play a key role in establishing and managing a new world order, the contributors examine how a future global order is developed by the interaction of these leading actors in the international system. The authors also address how the US, China and the EU promote cooperation and manage conflict of interests on a wide spectrum of issues including new security challenges. By linking the management o
