Sommario/riassunto	As we move deeper into the twenty-first century, power, lethal force, and injustice continue to explode violently into war, and the prospects for lasting peace look even bleaker. The horrors of modern warfare - the death, dehumanization, and destruction of social and material infrastructures - have done little to bring an end to armed conflict. In this volume, leading chroniclers of war provide thoughtful and powerful essays that reflect on their ethnographic work at the frontlines. The contributors recount not only what they have seen and heard in war zones but also what is being rea
