Collins -- Proving pediatric poisoning in the courtroom / Steven B. Karch -- Timing of death and injuries in infants and young children / Karen J. Griest.
Sommario/riassunto	Pediatric homicide investigations are clouded by a number of factors, not the least of which is a lack of straightforward resources. The cause of death in infants and children is often subtle and difficult to establish. Designed for quick access, Pediatric Homicide: Medical Investigation provides an invaluable resource for medical examiners, police, child abuse investigators, and attorneys charged with either making or ruling out the diagnosis of homicide. Focusing on forensic pathology aspects, this book covers the causes of death which are most difficult to d
