Norris -- Vladislav Surkov (1964-) / Karen Dawisha.

Sommario/riassunto

A fundamental dimension of the Russian historical experience has been the diversity of its people and cultures, religions and languages, landscapes and economies. For six centuries this diversity was contained within the sprawling territories of the Russian Empire and the Soviet Union, and it persists today in the entwined states and societies of the former USSR. *Russia's People of Empire* explores this enduring multicultural world through life stories of 31 individuals-famous and obscure, high born and low, men and women-that illuminate the cross-cultural exchanges at work from the late 1500's
