Nota di contenuto	part I. Getting started -- part II. Writing a competitive grant application -- part III. Preparing a budget -- part Ivolume Models for proposal development -- part volume Submitting the proposal -- part VI. Life after a grant submission -- part VII. Strategies for managing a grant award.
Sommario/riassunto	This fully updated and revised edition of a classic guide to grant writing for health and human service professionals reflects the two major changes in the field: new NIH application processes and an increased emphasis on interprofessional and team approaches to science. New case examples reflect grant writing strategies for a great variety of health and human service professions, and the text includes an enhanced focus on online methods for organizing grant submissions.
