Sommario/riassunto	Configuring NetScreen Firewalls covers all of the aspects of Juniper's NetScreen product line, from devices to Enterprise NetScreen firewalls. Coverage includes basic policy creation and administration, advanced troubleshooting techniques, the NetScreen Security Manager and VPN configuration. In addition, this book covers both the WebUI and the command line interface of NetScreen ScreenOS 5.0. as well as the NetScreen Security Manager (NSM). As a special bonus, Juniper

Networks provides detailed coverage of the new features and enhancements included with ScreenOS 5.1.0.
