| Nota di bibliografia | Includes bibliographical references at the end of each chapters and index. |
| Nota di contenuto | Physiology and function of the gastrointestinal and hepatobiliary tract -- Dietary components relevant to gastrointestinal health -- Gastrointestinal disorders -- Hepatobiliary disorders. |
| Sommario/riassunto | Advanced Nutrition and Dietetics in Gastroenterology provides informative and broad-ranging coverage of the relation between nutrition and diet and the gastrointestinal tract. It explores dietary factors involved in causation of a variety of gastrointestinal disorders, as well as the effects on diet and the treatments available. It also provides an overview of anatomy and physiology, measurement and assessment of function, and dietary components relevant to gastrointestinal health. -- Publisher |
