Sommario/riassunto	<span><span>The Middle East and its problems have become a constant source of news and public interest, but the current issues cannot be understood without a firm grasp on the historical context of the conflicts. </span><span style="font-style:italic;">Britain's Unfulfilled Mandate for Palestine</span><span> provides this context

for one of the most significant issues in current global politics-Israel's relations with its neighbors-from the perspective a waning colonial power.</span></span>
